# SPRINT O MANIA

## General info (READ CAREFULLY):

**1) TRAINING CAMP:** Remember that this is **TRAINING CAMP** and results are not important as using this opportunity for development and sharing training experience with other runners. Feel free to modify, test, re-run, etc., but also respect other runners and their training.

**2) SIAC & READOUT:** We will use **SIAC** for all sessions. Flags and stations will be hanging on a wire. If you don't have SIAC card, you have to punch „the old way". Don't forget to read-out your SI card after you finish the course (some finish controls are dislocated from readout).

**3) RESULTS:** You can find everything on: **orienteeringonline.net**, nothing will be printed at the finish.

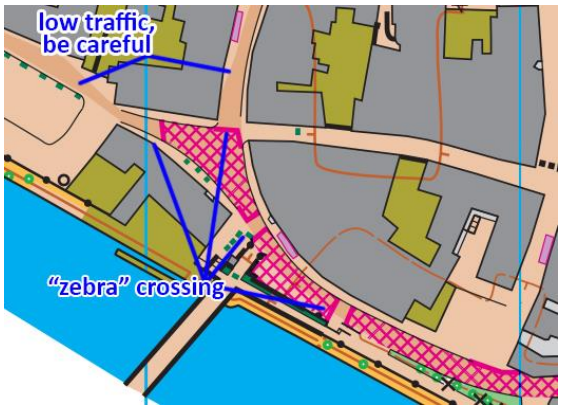
**4) START LISTS:** There will be a **provisional startlist** for **T1** and **T4**. This means that you will have your start minute (clubs/teams will be grouped together), but we will be quite flexible, if someone is arriving later because of work (T1).
Those who are late, can start after everyone else (for a limited period of time - see more details below for each training)

There will be **fixed startlist** for **T3** and **T5**. For them, **you have to respect specific start time**. If you are late, you are out of that round.

**5) ARTIFICIAL FENCES:** We will use artificial fences for all trainings (limited in T3). It will be represented with ISSprOM symbols 708 and 709 on the map, but we will **NOT MARK IT IN TERRAIN**. We are counting on **FAIR PLAY.**

Artificial fences will be represented in 3 ways like on the picture, depending on situation on the terrain/course. You are not allowed to pass them in any case.

**6) TRAFFIC:** On all trainings, roads with bigger traffic are marked with symbol 709 (out of bounds area) to improve safety. There, you can only cross the road on official **traffic „zebra" crossings**. They will be marked on the map like on picture to the right. Remember that **there is lower traffic** even when it's not marked, so be carefull anyway and respect rules.



**7) TOILETS: Please use ONLY PUBLIC TOILETS.**

**8) IMPORTANT!** There is **no „competition/finish arena"** at any training. Please change yourself at your car/accommodation and warm up to the start. **Don't bring bags with you, there will be no place to leave them and nobody to take care of them.**

**9) CLASSES:** We merged Hobby class with Men and Women as there were just few entries.
